# ORECAL

CALCIUM TABLET

## Why calcium with vitamin D3 is needed?

Bones need calcium to get stronger. Majority of people don't get recommended diet of calcium. People who don't take proper diet, smoke, drink soda or alcohol gets less calcium. When calcium in bones begin to decrease, people gradually lose bone density. Today's diet don't provide nutrients to build bones upto that potential. They are at greater risk of fractures & development of bone disease.

"If we don't get proper calcium, the body takes calcium from bones to ensure normal cell function, which can lead to weakened bones"

### BENEFITS

- Effective in treating calcium deficiency.
- Helpful in treatment of bone loss and osteoporosis.
- Used to treat weak bones.
- Helpful in maintaining calcium requirement during pregnancy.
- Maintains overall pH balance of body.

## What is Orecal?

Orecal is used to treat low blood calcium levels in people who do not get enough calcium from their diets. Orecal plays a vital role in our body. It is necessary for normal functioning of nerves, cells, muscle and bone. If there is not enough calcium in the blood, then the body will take calcium from bones thereby weakening bones. Orecal helps our body to absorb calcium & having the right amounts of vitamin D. calcium is important for building and keeping strong bones.

Orecal is formed by calcium carbonate and calcitriol. Important elements in formation of oreocal are carbon, oxygen, calcium and hormonally active metabolite of vitamin D. Orecal is used as dietary calcium supplement.

It increases level of calcium in the blood. It is used as phosphate binder for treatment of hyperphosphatemia & treatment of osteoporosis. It helps to treat high phosphate levels with kidney problems.

## What is "Abhiliv"?

The natural ingredients in Abhiliv restore the functional efficiency of the liver by protecting the hepatic parenchyma and promoting cellular regeneration. It helps in preventing the loss of functional integrity of the cell membrane and fastens the recovery period and ensures early restoration of functions in infective hepatitis. It ensures protection from alcohol-induced hepatic damage. Abhiliv also diminishes the lipotropic (compounds that help catalyze the breakdown of fat) effect in chronic alcoholism and prevents fatty infiltration of the liver. In pre-cirrhotic conditions, Abhiliv arrests the progress of cirrhosis and prevents further liver damage.

**Improves appetite:** In anorexia or less optimal growth and weight gain, Abhiliv normalizes the basic appetite-satiety rhythm. It also addresses loss of appetite during pregnancy. As a daily health supplement, Abhiliv improves appetite, digestion and assimilation processes and promotes weight gain.

### Indications:

## Oregon-80 Multipurpose :

India is rich agricultural country. Its great land is very fertile. Farmer of every part of our country do farming with his love and hand work for more & more production has no other example in world.

Because of them the production from the farms of our country is superior from each other for example.

1. At No. 1 in wheat & price.
2. At No. 2 in ground nut & vegetables.
3. And At 3rd No. in production of fruits.

But according to your thoughts is this sufficient. Never at all. The part where farming is done & according to outcome of its production its is very less. To fulfill this requirement, scientist of alots do research in Bioscience for try to bring there feet with the feet of farmers and to increase the production and to bring revolution made form very good and current technique, Helping in farming, Fully examined insecticides rich in dilute concentrated contents in liquid form Oregon-80 is prepare which increase the chance of happiness in farmers and increase expectations of farmers by seeing the fully weaving farms. Its all credit goes to oregon-80.

Helping in agriculture oregon-80 is not an insecticides or fertilizer but while using fertilizer with it. We will get more beneficial result.

## Oregon-80 Multipurpose Presents :
